Welcome to the BSC

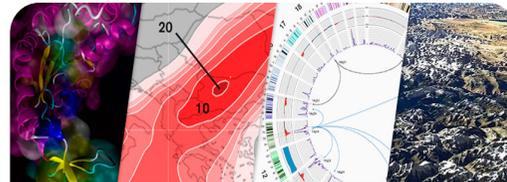

Barcelona Supercomputing Center Centro Nacional de Supercomputación

BSC-CNS objectives

Supercomputing services
to Spanish and
EU researchers

R&D in Computer,
Life, Earth and
Engineering Sciences

PhD programme,
technology transfer,
public engagement

**BSC-CNS is
a consortium
that includes**

Spanish Government

60%

Catalan Government

30%

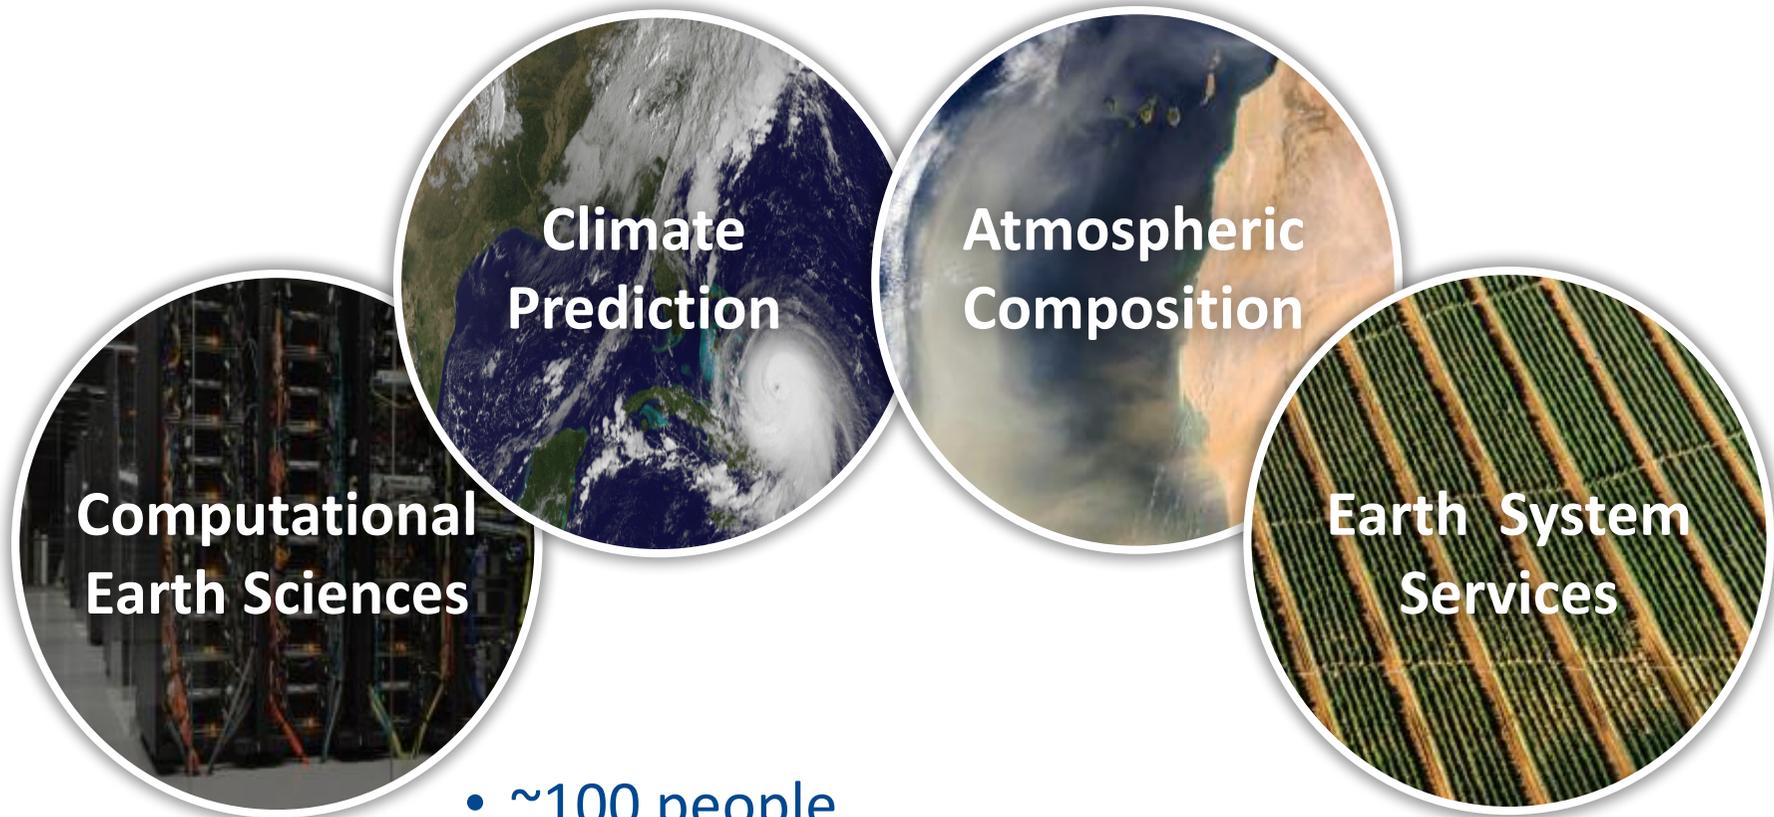

Univ. Politècnica de Catalunya (UPC)

10%

Earth Sciences Department

Environmental modelling and forecasting, with a particular focus on weather, climate and air quality

- ~100 people
- Funding from H2020, COPERNICUS, private contracts, ESA, Spanish and regional governments
- Member of the EC-Earth consortium and contributor to CMIP6

The workshop

- We are here to help. Visit the registration desk or look out for people with a different badge (BSC staff) if you need something.
- Coffee breaks, lunches, posters and icebreaker.
- Wifi available (a dedicated connection and eduroam).
- Other climate modelling meetings are taking place in the same area this week. This is particularly the case for the general assembly of the H2020 PRIMAVERA project.
- Take care of your belongings at all times.
- Enjoy the week in Barcelona.
